WHO CAN APPLY?

Applications are open to all sizes and types of organizations (startups, SMEs, large corporations, associations, NGOs...) as long as you are developing a **concrete solution**.

HOW MUCH DOES IT COST?

Packages and pricing are based on your stage of development:

Seeds of change Program

for startups created after 2017 & with less than €1 million in annual revenues: **€990 including 3sq.m booth and 3 passes** (in lieu of €3,300).

Change pioneer Program for companies with less than €10 million in annual revenues: **€2,600 including 6sq.m booth and 6 passes** (in lieu of €6,600).

Regular pricing

€1,100/sq.m and 1 pass per sq.m

Choose between: 3, 6, 9 and 12sq.m

If you are not eligible for these two programs below,

OR if you correspond to the «Accelerate» zone

APPLY

WHAT ARE THE SELECTION CRITERIA?

All selected solutions must meet the following criteria:

- ① **Have a positive impact** (address one or more of the UN's SDG's, have clear impact KPI's)
- ② **Be innovative** - i.e. rethinking the standards
- ③ **Have a viable business model** - profitable or with a clear route towards profitability
- ④ **Demonstrate the potential to be scaled or replicated**

Furthermore, to exhibit, solutions must have a real product to demo, such as life-size solution, or an immersive experience, etc. Special consideration for solutions with a Product Lifecycle Management.

« At ChangeNOW we mainly shared inspiration for a better future; meeting and networking with the others that share UBQ Material's environmental concerns as well as our intention to be the change we want to see.

Coming back from the event - we have started dialogues with leading corporations, in the building and automotive areas, looking to incorporate UBQ™ materials into their products - very exciting!

Sophie Tuviahu - UBQ Materials.

« Thanks to ChangeNOW we have signed many new partnerships. A new organization is joining Inovaya's board of investors and strategic board. We are also joining the Plastic Odysseys journey; our solutions will be on board the vessel to provide clean drinking water to the crew during the 4-year edition. And we are in advanced talks with another partner for a new water kiosk project in France!

The ChangeNOW Expo was a great opportunity for us in term of visibility. We were in the same league as major groups, which allowed us to be noticed for our technological innovations. A great success for us!

Dr. Khaled Al Mezayen - Inovaya

COVID

Join us for ChangeNOW 2021 and be sure we will adapt the experience to the sanitary conditions

WHAT ABOUT THE COVID-19 CRISIS?

We believe that meeting in person is still the best way to develop strong lasting collaborations and making unexpected high-value connections. ChangeNOW 2021 will be held in total **respect of sanitary measures** and will enforce all useful prevention rules applicable at the moment (masks, hydroalcoholic gel, physical distancing...) to make it a **safe encounter**.

In the event of restrictions on movement and gatherings, the **digital** portion of the event will be enlarged in order to accomodate the Summit, and ensure an amazing experience.

In the case that the event must be held digitally:

If you are an exhibitor you will receive a **50% reimbursement** and will have access to a **digital booth**,

If you don't wish to participate on the online event **100%** of the sums paid will **be reimbursed**.

In event of travelling restrictions (due to Covid-19), your participation would be cancelled without any fees.
