ChangeNOW session | OPEN TO ALL

Unknown Challenges of Ocean Preservation

April 26th at 10am to 11:15am CEST - Legacy stage

ChangeNOW session | OPEN TO ALL

about all the possible solutions in our World Expo

Baeru Environmental Services - India - Ocean & Water

Baeru integrates IoT, AI, and data traceability to transform coastal waste management.

Coast 4C - Australia - Ocean & Water

Coast 4C is revolutionizing sustainable seaweed supply while investing in marine conservation.

ER Ocean Research - France - Fashion

ER is crafting next-gen materials from marine biomass.

Kelp Blue - Netherlands - Circular Economy

Kelp Blue cultivates Giant Kelp on to re-wild our oceans, lock away carbon, and create a range of biostimulants.

PRONOE - France - Ocean & Water

Pronoe enhances the ocean's natural capacity to capture and store CO2 from the air.

Pure Ocean - France - Ocean & Water

Pure Ocean is an endowment fund dedicated to mobilize civil society to protect biodiversity and marine ecosystems.

SAO Textile - France - Fashion

SAO transforms discarded fishing nets into high-performance textiles using cutting-edge technology.

SeaO2 - Netherlands - Ocean & Water

SeaO2 utilizes Direct Ocean Capture to efficiently remove CO2 from the atmosphere at a gigaton scale.

SOS Biotech - Dominican Republic - Ocean & Water

SOS Biotech uses invasive seaweed to regenerate soils, replace plastics, and create cosmetics.

Surfrider Foundation Europe - France - Accelerate Surfrider

Foundation is a collective of positive activists who take concrete action to protect the ocean every day.

UNDER THE POLE - France - Ocean & Water

Under the Pole works on underwater exploration combining science, innovation and awareness.

V2O Marine - France - Ocean & Water

V2O Marine designs and markets innovative marine nets and barriers to fight against plastics, toxic algae and all types of invasive species.

WaveTech - France - Ocean & Water

We protect endangered beaches and sandy coasts from erosion, nature's way, harnessing wave energy.

WSense - Italy - Ocean & Water

WSense aims to give voice to the ocean through large-scale, real-time data collection, while preserving marine ecosystems.

ENGAGE

changeNOW

with the top changemakers
across the ocean ecosystem

Seaweed Road to UNOC meetup

April 24th at 2:45pm to 3:45pm CEST - Earthroom Gathering Space

Global Seaweed Coalition | OPEN TO ALL

Ocean Meetup

April 24th at 1:30pm to 2:30pm CEST - Community Hub

In collaboration with TBC | OPEN TO ALL

Investing in the Blue Economy

April 24th at 4pm - 5:30pm CEST - Balcony 3

Prince Albert II of Monaco Foundation | INVESTOR ONLY

Ocean Night

April 24th at 7pm to 9pm CEST - Water Odyssey

Powered by Code Blue Foundation & Mission Blue and in collaboration with Respect Ocean, Sustainable Ocean Alliance, OceanHUB Africa, Global Seaweed Coalition | PRIVATE

Ocean Equity working group

April 24th at 5:30pm to 7pm CEST - Rotonde

In collaboration with WRI Ocean | PRIVATE EVENT

FOCUS - WATER ODYSSEY
