about all the possible solutions in our World Expo

African Fashion Foundation - Ghana - Fashion

The AFF empowers emerging African designers with funding, mentorship, and market access.

Alliance for Healthy Communities - Rwanda - Health

AHC provides innovative healthcare solutions in Rwanda, including HIV prevention, men's health, maternal care, and health worker training.

Amaya - Algeria - Land & Agriculture

From Field Insights to Market Intelligence – Elevate Your Agribusiness Growth with Amaya's AI.

BioEnergy - Egypt - Circular Economy

By repurposing waste into alternative raw materials and fuels, we cut landfill waste, conserve resources, and reduce CO₂ emissions.

CECACAO - Cameroon - Land & Agriculture

We are committed to respecting good agricultural practices and environmental sustainability in the cocoa industry.

ClinicHome - Cameroon - Health

Clinic Home is a virtual hospital that allows Africans to seek treatment before resorting to conventional hospitals, which are insurmountably expensive.

Green Africa Youth Organization - Ghana - Accelerate the Green Economy

GAYO addresses environmental challenges by empowering youth through innovative programs focused on resilience and innovation.

Haima Health Initiative - Nigeria - Health

Haima Health saves lives by using simple technology and providing affordable access to safe blood, and medical procedures.

Mukuru Clean Stoves - Kenya - Energy

Mukuru recycles waste metal and agricultural waste to create clean stoves and mosquito repellent fuel.

REDO - Rwanda - Land & Agriculture

REDO promotes solar-powered irrigation, reforestation, clean energy, eco-tourism and modern beekeeping.

Skin Gourmet - Ghana - Changing Habits

We make RAW handmade skincare sourced from the wild of Ghana. Our mission is to redefine beauty as a force for equity!

The South Africa House

The innovation department of the French Embassy in South Africa presents four innovative solutions.

ToumAI - Morocco - AI for Impact

AI-powered solutions for emerging markets that boost customer inclusion, deepen engagement, and deliver actionable insights.

Ukuzola - Cameroon - Education

Ukuzola is the first start-up house in Central Africa, providing co-living, financial support, and tailored mentorship to impact entrepreneurs.
